- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- Unless your appointment is designated elsewhere within this document as being "salaried, non-exempt," your appointment (consisting of one or multiple jobs) falls within one of the recognized exemptions to the overtime provisions of the Federal Fair Labor Standards Act, and as such, you are not eligible to receive overtime pay regardless of the number of hours that you work in any given workweek.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- Unless your appointment is designated elsewhere within this document as being "salaried, non-exempt," your appointment (consisting of one or multiple jobs) falls within one of the recognized exemptions to the overtime provisions of the Federal Fair Labor Standards Act, and as such, you are not eligible to receive overtime pay regardless of the number of hours that you work in any given workweek.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.

- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf) If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
  - An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.
- Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.
- For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- Unless your appointment is designated elsewhere within this document as being "salaried, non-exempt," your appointment (consisting of one or multiple jobs) falls within one of the recognized exemptions to the overtime provisions of the Federal Fair Labor Standards Act, and as such, you are not eligible to receive overtime pay regardless of the number of hours that you work in any given workweek.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.

- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf) If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
  - An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.
- Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.
- For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.
- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf) If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit.
- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.

- Unless your appointment is designated elsewhere within this document as being "salaried, non-exempt," your appointment (consisting of one or multiple jobs) falls within one of the recognized exemptions to the overtime provisions of the Federal Fair Labor Standards Act, and as such, you are not eligible to receive overtime pay regardless of the number of hours that you work in any given workweek.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- Unless your appointment is designated elsewhere within this document as being "salaried, non-exempt," your appointment (consisting of one or multiple jobs) falls within one of the recognized exemptions to the overtime provisions of the Federal Fair Labor Standards Act, and as such, you are not eligible to receive overtime pay regardless of the number of hours that you work in any given workweek.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.
- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf). If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.
- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf). If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- Falsification of information on a job application or credential materials may result in immediate dismissal.
- In accordance with University policy, the University reserves the right, effective August 16, 2009, to reduce the pay and service specified in this form, based on budget shortfalls or other financial emergencies necessitating short-term reduction of University personnel costs, by requiring the appointee to take unpaid furlough days during the period of this appointment.
- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf) If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit. "Acad 10/10 mth" or "Acad/Pro 10/10 mth" indicate 10 months' service within the dates indicated to be paid over 10 months.
- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- In accordance with University policy, the University reserves the right, effective August 16, 2009, to reduce the pay and service specified in this form, based on budget shortfalls or other financial emergencies necessitating short-term reduction of University personnel costs, by requiring the appointee to take unpaid furlough days during the period of this appointment.
- For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant(s) or other source of funding for the position has ended. An asterisk (\*) symbol following the "Dollars" indicates that employment and payment is contingent upon receipt of funds. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Dollars box on this Notice of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.
- A symbol \* following the "Dollars" indicates employment and payment is contingent upon receipt of funds for the project on which you are assigned.

- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit. "Acad 10/10 mth" or "Acad/Pro 10/10 mth" indicate 10 months' service within the dates indicated to be paid over 10 months.
- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- A symbol \* following the "Dollars" indicates employment and payment is contingent upon receipt of funds for the project on which you are assigned.

LEAVE INFORMATION SUMMARY:

JOB: U72734-00    LEAVE TYPE: Leave Sabbatical

LEAVE DATES: 08/16/2005 - 05/15/2006

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit.
- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- A symbol \* following the "Dollars" indicates employment and payment is contingent upon receipt of funds for the project on which you are assigned.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit.

- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Salary figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.

ADMNR UGRAD STDNT SERV	100%	12 mth	08/16/2011	08/15/2012	\$86,700.00 A

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- The amount appearing in the "Salary" column is the gross annual (A) or monthly (M) compensation of the appointee for services required during a full appointment year or monthly period, whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year or monthly period only a proportionate amount of the "Salary" will be payable on the basis of the period of payment indicated in proportion to a full appointment year or month. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- Falsification of information on a job application or credential materials may result in immediate dismissal.
- In accordance with University policy, the University reserves the right, effective August 16, 2009, to reduce the pay and service specified in this form, based on budget shortfalls or other financial emergencies necessitating short-term reduction of University personnel costs, by requiring the appointee to take unpaid furlough days during the period of this appointment.
- As of August 9, 2011, the Explanation of Service Basis, Standard Period of Service and Periods of Payments can be found at [https://nessie.uihr.uillinois.edu/pdf/personal\\_info/ExplanationofServiceBasis.pdf](https://nessie.uihr.uillinois.edu/pdf/personal_info/ExplanationofServiceBasis.pdf). If this link is no longer available, the terms in effect for this NOA can be found at the internet location where this document is viewable.
- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. For example, an appointment for one semester of an academic year is compensated at approximately one-half of the annual "Salary" rate.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. - Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit. "Acad 10/10 mth" or "Acad/Pro 10/10 mth" indicate 10 months' service within the dates indicated to be paid over 10 months.

- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- In accordance with University policy, the University reserves the right, effective August 16, 2009, to reduce the pay and service specified in this form, based on budget shortfalls or other financial emergencies necessitating short-term reduction of University personnel costs, by requiring the appointee to take unpaid furlough days during the period of this appointment.
- For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant(s) or other source of funding for the position has ended. An asterisk (\*) symbol following the "Dollars" indicates that employment and payment is contingent upon receipt of funds. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. - This appointment is made subject to all applicable laws and to the University of Illinois Statutes, the General Rules Concerning University Organization and Procedure and other actions of the Board of Trustees. These policies are subject to change from time to time and the most updated version of the policies is applicable. In the event of error, the Board of Trustees reserves the right to correct such error and issue a corrected Notification of Appointment. It is the responsibility of all University of Illinois employees to comply with the provisions of the State Officials and Employees Ethics Act of the State of Illinois; time not spent on official business of the University must be reported by employees as exception time. Exceptions may include sick leave, vacation leave and other appropriately approved leaves as specified by campus and University policies.
- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit. "Acad 10/10 mth" or "Acad/Pro 10/10 mth" indicate 10 months' service within the dates indicated to be paid over 10 months.

- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.
- In accordance with University policy, the University reserves the right, effective August 16, 2009, to reduce the pay and service specified in this form, based on budget shortfalls or other financial emergencies necessitating short-term reduction of University personnel costs, by requiring the appointee to take unpaid furlough days during the period of this appointment.
- For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant(s) or other source of funding for the position has ended. An asterisk (\*) symbol following the "Dollars" indicates that employment and payment is contingent upon receipt of funds. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Service End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Dollars box on this Notice of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

- Employee Classes/Service Basis "Acad 9/12 mth," "Acad 9/9 mth," "Acad/Pro 9/12 mth," "Acad/Pro 9/9 mth," "Post-Doctoral Intern 9/12 mth," or "Post-Doctoral Intern 9 mth" indicate service required during the Academic Year period defined as the nine-month period spanning from August 16 through May 15. If 9/12 is indicated, salary will be paid over the twelve month period of August 16 through August 15.
- Employee Classes/Service Basis "Acad 12 mth," "Acad/Pro 12 mth," or "Post-Doctoral Intern 12 mth," indicate service on a twelve-month basis including allowable vacation.
- Employee Classes/Service Basis "Acad 10/12 mth" or "Acad/Pro 10/12 mth" indicate 10 months' service within the dates indicated paid over 12 months with months off designated by unit.
- The amount appearing in the "Annual Rate" column is the gross annual compensation of the appointee for services required during a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be), whether payable in the form of salary, earnings, purchases of annuity contracts, or in any other manner authorized or required by law. In the case of appointments where service is required for less than a full appointment year period (academic year 9-month, 10-month, or 12-month service basis, as the case may be) only a proportionate amount of the "Annual Rate" compensation will be payable on the basis of the period of service indicated in proportion to a full contract year, e.g., an appointment for one semester of an academic year is compensated at one-half of the "Annual Rate." In the case of appointments for which the Employee Class/Service Basis is "Service Dates Indicated" or "Summer Pay" the Monthly Rate figure represents gross monthly compensation for each full month of service during the period indicated.
- When viewing historical Notification of Appointment forms, please note that the most recent Generation Date reflects the most recent information. If the same service/pay periods appear on successive Notification of Appointment forms, the most recently dated form indicates any modifications made to the original appointment.
- If determined that an employee has been excluded from participation in Federal or State Health Care Programs because of having engaged in fraud, abuse or misconduct as well as any other mandated governmental exclusion listing, the employee is subject to immediate dismissal without notice.

- An asterisk (\*) symbol following the Job number indicates that all or a portion of this appointment is made on the condition that employment and payment is contingent upon receipt of funds. For appointments made "subject to receipt of funds" (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other source of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX(11)(b)(2) of the University of Illinois Statutes. If an asterisk (\*) symbol does not appear next to the Job number on this Notification of Appointment, your appointment is not subject to the receipt of funds and not subject to earlier termination based on the loss of such funding.

Regardless of past source of funds supporting the position(s) above, presence or absence of the \* symbol indicating "subject to receipt of funds" indicates funding status as of the generation date of this Notification of Appointment.

For an academic professional employee who is entitled to notice of nonreappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of nonreappointment will be based on the relevant funds for the portion of the appointment for which a notice of nonreappointment is issued, or on the predominant source of funds in the case of elimination of the position.

- Unless you notify your unit(s) to the contrary within 30 days of the Generation Date of this document, your acceptance of this appointment will be presumed. If you have questions regarding your appointment, please contact your unit office.
